Portfolio

CAREER OBJECTIVE

Seeking an opportunity to apply my MERN stack skills to build impactful, real-world solutions. Alongside development, I'm genuinely curious about machine learning and data analytics. My goal is to grow into a well-rounded Data Scientist, blending both development and data to solve meaningful problems.

EDUCATION

Poornima University

2023 – 2026

BCA Artificial Intelligence and Data Science | CGPA: **8.40**

Jaipur, Rajasthan

SKILLS

Programming Skills: C, C++, Java, Python, R

Frontend: HTML, CSS, JavaScript, React.js, Tailwind CSS, Bootstrap, WordPress

Backend: Node.js, Express.js, REST APIs, SQL, MongoDB

Tools & Technologies: VS Code, WordPress, Git & GitHub, Google Analytics, MS Word, MS Excel

WORK EXPERIENCE

Web Developer Intern, Ice Hut Technologies Pvt. Ltd.

28 Apr 2025 – 31 Jul 2025

- Created responsive landing pages for clients using HTML, CSS, JavaScript and React.js.
- Tested REST APIs using Postman for frontend-backend integration.
- Developed basic backend features using Node.js and Express.js.
- Created custom UI components and improved website responsiveness.

PROJECTS

Orbitto – Meet & Chat with Random Users | Live Demo

- Real-time chat app where logged-in users can connect with any online user (friend or stranger) through live messaging with delivery ticks, last-seen, and media sharing.
- Implemented editable profiles, dynamic themes & animations, feedback/support, color effects, and smooth presence tracking for an improved chat experience.
- Tech Stack:** MERN (MongoDB, Express.js, React.js, Node.js), Socket.io, DaisyUI, Zustand

CodeNix – Course Selling Platform | Live Demo

- Course marketplace with secure Stripe payments, user dashboards, and encrypted authentication for smooth course purchases and access tracking.
- Designed an admin panel to create/update/delete courses, manage content, and monitor platform statistics with validation and media management.
- Tech Stack:** MERN (MongoDB, Express.js, React.js, Node.js), Stripe, Cloudinary, JWT, Zod

Crave Craft – Community Cooking & Recipe Explorer | Live Demo

- Built a responsive recipe-sharing platform where users can upload dishes, explore community recipes, like posts, and browse curated food collections.
- Implemented login-based access for adding recipes, managing favorites, and viewing userspecific content using Firebase Authentication.
- Tech Stack:** MERN (MongoDB, Express.js, React.js, Node.js), JWT, Tailwind CSS, Vercel, Render

CERTIFICATIONS AND ACHIEVEMENTS

- Built a Smart Chatbot in Python at the Prayogam Hackathon, Poornima. | [Link](#)
- 5-badge on HackerRank in C. | [Link](#)
- NPTEL Certified – Roadmap for Patent Creation, (IIT Madras) | [Link](#)
- NPTEL Elite + Silver – Soft Skills & Personality, (IIT Kanpur) | [Link](#)
